Notes for teachers: Use this test after a unit on family, home and daily routines, or as a quick placement check for beginners. It targets common A1 errors: mixing up family words (nephew/niece, aunt/uncle), wrong verb collocations (do a shower, make homework) and unnecessary articles (go to the bed). As follow-up, students can draw their family tree, label a plan of their home, or write five sentences about their own day.
