11. **bedroom**
    A bedroom is the room where you sleep.

    The living room is where we relax and watch TV.
13. **garage**
    A garage is a building for a car.

    Flowers and trees grow in the garden.
15. **dining room**
    The dining room is the room where we eat.
16. **hall**
    The hall is the space just inside the front door.

Exercise 3: One or more?

17. **shelves**
    Shelf ends in -f, so the plural is shelves.
18. **chairs**
    Most nouns add -s in the plural.
19. **bedrooms**
    Add -s to make the plural.
20. **boxes**
    Nouns ending in -x add -es.
21. **sofas**
    Sofa just adds -s.
22. **knives**
    Knife ends in -fe, so the plural is knives.
23. **windows**
    Add -s to make the plural.
24. **dishes**
    Nouns ending in -sh add -es.

Exercise 4: Find the mistake

25. **I make my bed every morning.**
    We say 'make the bed', not 'do the bed'.
26. **Please turn on the light.**
    In English we don't 'open' a light; we use 'turn on' or 'switch on' (or 'put on', mainly in British English), and the object can go after the verb or between the two parts: 'turn on the light' or 'turn the light on'.
27. **The cat is sleeping on the sofa.**
    We use 'on' for things on top of a sofa.
28. **I put the milk in the fridge.**
    Milk goes in the fridge; clothes go in the wardrobe.
29. **There is a big mirror in the bathroom.**
    After 'a' we use a singular noun: a mirror.
30. **I have a bath in the bathroom every evening.**
    The bath is in the bathroom, not in the kitchen.
31. **There is a lamp on my desk.**
    We use 'There is' with one thing.

Exercise 5: Make sentences

32. **There is a big sofa in the living room.**
    There is + a + adjective + noun + place.
33. **The cat is under the bed.**
    Subject + is + preposition + place.
34. **The books are on the shelf.**
    Plural subject 'the books' goes with 'are'.
35. **The kitchen is next to the bathroom.**
    'Next to' goes between the two rooms after 'is', so both 'The kitchen is next to the bathroom' and 'The bathroom is next to the kitchen' are correct.
36. **Where is your bedroom?**
    Questions start with the question word: Where is ...?
37. **Please turn on the lamp.**
    'Please' can go at the start or at the end of a polite request, and because 'turn on' is given as one chunk, the lamp comes after it: 'Please turn on the lamp' or 'Turn on the lamp, please'.
38. **My flat has two bathrooms.**
    Subject + has + number + plural noun.
39. **Are there any chairs in the garden?**
    In questions, 'Are' comes before 'there'.

Notes for teachers: Start with Exercise 1 to check meaning, then move through the exercises in order, from controlled to freer practice. Typical mistakes are irregular plurals (shelfs, knifes), using 'in' instead of 'on' with furniture (in the sofa), and verb choices like 'do the bed' or 'open the light'. As a follow-up, ask learners to draw a plan of their home and describe it to a partner using 'There is / There are' and the new words.
