Notas para el profesor: Utiliza este test después de enseñar los miembros de la familia y adjetivos sencillos para describir personas. Se centra en errores típicos de principiantes, como confundir uncle/aunt y cousin/brother, los plurales irregulares (children, no childs), friend frente a friendly y las colocaciones 'make friends' y 'meet friends'. Como actividad de seguimiento, pide a los alumnos que dibujen su propio árbol genealógico y escriban cinco frases sobre él.
